### Patient Activation Code

---

the 1990s, the number of people in the world who are poor has increased by 1 billion.

There are a number of reasons why the number of people in the world who are poor has increased. One reason is that the world's population has grown rapidly. Another reason is that the world's resources are being used up.

There are a number of things that we can do to help reduce the number of people in the world who are poor. One thing is to help the world's poor people get better access to education and health care.

Another thing is to help the world's poor people get better access to clean water and electricity. A third thing is to help the world's poor people get better access to land and other resources.

There are a number of organizations that are working to help the world's poor people. One of these organizations is the United Nations Development Programme (UNDP).

UNDP is a part of the United Nations and is responsible for helping the world's poor people get better access to education, health care, clean water, and electricity.

UNDP is also responsible for helping the world's poor people get better access to land and other resources. UNDP is working to help the world's poor people get better access to all of these things.

There are a number of other organizations that are also working to help the world's poor people. One of these organizations is the World Bank.

The World Bank is an international organization that provides financial and technical assistance to developing countries. The World Bank is working to help the world's poor people get better access to all of these things.

There are a number of other organizations that are also working to help the world's poor people. One of these organizations is the International Labour Organization (ILO).

The ILO is a part of the United Nations and is responsible for promoting decent work and social justice. The ILO is working to help the world's poor people get better access to all of these things.

There are a number of other organizations that are also working to help the world's poor people. One of these organizations is the World Health Organization (WHO).

The WHO is a part of the United Nations and is responsible for promoting global health. The WHO is working to help the world's poor people get better access to all of these things.

There are a number of other organizations that are also working to help the world's poor people. One of these organizations is the United Nations Children's Fund (UNICEF).

UNICEF is a part of the United Nations and is responsible for promoting the well-being of children. UNICEF is working to help the world's poor children get better access to all of these things.

There are a number of other organizations that are also working to help the world's poor people. One of these organizations is the World Food Programme (WFP).

The WFP is a part of the United Nations and is responsible for providing food assistance to the world's poor people. The WFP is working to help the world's poor people get better access to all of these things.

There are a number of other organizations that are also working to help the world's poor people. One of these organizations is the International Monetary Fund (IMF).

The IMF is an international organization that provides financial and technical assistance to developing countries. The IMF is working to help the world's poor people get better access to all of these things.

There are a number of other organizations that are also working to help the world's poor people. One of these organizations is the World Trade Organization (WTO).

The WTO is an international organization that promotes trade and economic growth. The WTO is working to help the world's poor people get better access to all of these things.

There are a number of other organizations that are also working to help the world's poor people. One of these organizations is the World Intellectual Property Organization (WIPO).

The WIPO is an international organization that promotes intellectual property rights. The WIPO is working to help the world's poor people get better access to all of these things.

There are a number of other organizations that are also working to help the world's poor people. One of these organizations is the World Bank Group.

The World Bank Group is an international organization that provides financial and technical assistance to developing countries. The World Bank Group is working to help the world's poor people get better access to all of these things.

There are a number of other organizations that are also working to help the world's poor people. One of these organizations is the International Labour Organization (ILO).

The ILO is a part of the United Nations and is responsible for promoting decent work and social justice. The ILO is working to help the world's poor people get better access to all of these things.

There are a number of other organizations that are also working to help the world's poor people. One of these organizations is the World Health Organization (WHO).
